

2-6 Players

Ages 5+

How to start the game:

1. Set up puzzle pieces and put them in the bag. There should be:
 - a. 18 L
 - b. 18 zigzag
 - c. 18 square
 - d. 18 t pieces
 - e. 12 line
2. Shuffle the boards and set the top board in the center of the table.
3. Shuffle the pieces and have each player take 8 pieces randomly from the bag and get 15 tags of their color.
 - a. Tags will be used to label each player's pieces when placing them on the board.
4. The last player to claim the 8 pieces will start and turns will move counterclockwise.

How to play the game:

- Each player will have 3 actions which can be used to:
 - Place a piece on the board
 - Pieces cannot be placed on black spots
 - Pieces cannot be placed only on grey spots
 - Steal a piece from the board
 - Break a piece covering a grey spot on the board
 - Any parts of the piece covering grey spots will be broken off into a separate piece.
 - If either part is only one spot large it is removed from the game.
 - Whoever breaks the piece claims both parts.
 - Grab a new piece from the bag.
- The players will take turns slowly completing the board and earning points when the board is completed.
 - 2 points will go to the player who placed the final piece on the board
 - 1 point will go to the player with the most spaces on the board filled
 - A board is completed when all white spaces are filled
- Once a board is completed the next board in the stack will be played, continuing until the game ends.

How to win the game:

- The game will end if:
 - A player reaches 10 or more points
 - There are not enough pieces to finish the active board
- Once the game ends:
 - Whoever has the most points wins.
 - In the case of a tie whoever has the most spots on the current board wins.
 - If it is still a tie whoever has the most parts wins (individual parts of your pieces)
